

Experience
nature in your
own garden.

VONOVIA

Would you enjoy having your own garden?

Close your eyes and breathe in the smell of a freshly mown lawn. Imagine you had your own garden.

Vonovia's plan is to create home gardens in open areas in larger residential neighbourhoods with sufficient space. These demarcated gardens – similar to allotment gardens – can also be leased by our tenants. Talk to us, we will be happy to plan your garden with you.
