VONOVIA

Would you enjoy having your own garden?

Close your eyes and breathe in the smell of a freshly mown lawn. Imagine you had your own garden.

Is that something you would be interested in? Vonovia can make it possible. We have a plan to create gardens for our tenants wherever there is enough space. If you are interested, Vonovia will be happy to create a garden for you.¹

You can then rent a green space on your doorstep with an adjustment to your monthly rent. We would be happy to discuss the details with you.
